## ALT Clinics

Timetable 2019

Hearing **music**, **TV**, on the **telephone**, or in **lectures** can be difficult, even with the latest most advanced aids. That is why we sometimes need additional equipment to make that essential difference.

The NDA consider assistive listening technology as the means of moving from OK hearing to living with the most vibrant sound your hearing will allow.

For phones, TV listeners and listening in social situations, we hold open clinics every Thursday at our Meridian Way offices and on some Wednesdays at the ACT Centre Aylsham and at Community House in Great Yarmouth.

The NDA hold assistive listening technology clinics where you can get impartial advice about equipment to supplement your hearing aids to improve access to work, education or social life.

To find out more or to book an appointment, ring NDA on:  
**01603 404 440**

For listening in the workplace, higher education and more complex issues we offer advice by appointment at Meridian Way and the Cromer Hospital.
